PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Road Construction Program Is On Schedule In County

Reports from County Commissioners this week disclosed that the county's road and bridge construction program is either proceeding on schedule or in some cases is ahead of schedule.

John Princes, commissioner from district 3, reported to his colleagues on the board that work on the Lake Worth West Road and Military Trail in his district were both ahead of schedule. Base rock was in place on Military Trail, he said, and was being put into place on the West Road.

Bridges on both the projects he said have been completed.

Princes also reported that county crews have moved into Lantana Ocean Park and were working toward clearing the ground in the recreational area so that the park would be ready for use this season.

Commissioner C. Y. Byrd reported that the State Road Department had promised early action in letting the contract for construction of the Atlantic Ave. Bridge in Delray Beach. Early awarding of the contract, Byrd said, was being advocated by the commission in order that steel for the new span could be placed on order.

Canal Point PTA Held First Meet Monday Night

The Canal Point Parent-Teacher Association held its first meeting of the school year in the school auditorium Monday night with the new president, Mrs. Pope Sears, presiding.

To stimulate membership the group voted to present \$5 to the first school room reporting 100 per cent PTA membership of parents and \$3 to each school room thereafter making this report. Mrs. Dow McClelland, membership chairman, reported a paid-up membership of 62. This year's goal was set at 100 or more members.

The group voted to raise funds for the purchase of another electric-cooled drinking water fountain for the school, the finance committee to be in charge of this project. Floyd Erickson reported on the rebuilding of the tennis courts at the school during the summer, this being a joint project of the Lions Club and PTA. Mrs. A. R. Harrington reported she has started the sale of Christmas cards to raise PTA funds. Mrs. Edith Smith announced plans for the annual Halloween carnival for Canal Point children, this year's carnival to have concessions in order to make it self supporting.

New room mothers were announced as follows: First grade, Mrs. Bill Johnson and Mrs. A. R. Harrington; second, Mrs. Osceola Upthegrove and Mrs. Earl Jones; third, Mrs. A. H. Scruggs and Mrs. Clint Livingston; fourth, Mrs. J. W. Repper and Mrs. Boyd Vorhees; fifth, Mrs. Delmar Hooks and Mrs. O. H. Register; sixth, (continued on page 8)

Lions Discussed Plans To Beautify Cemetery

Ways and means of improving conditions at the Port Mayaca Cemetery were discussed by members of the Pahokee Lions Club at the Thursday luncheon meeting last week.

It was the consensus of opinion at the meeting that the most urgent needs are for a permanent beautification program and a more efficient system of management. The club is backing a movement to have all the communities in the Lake Okechobee area served by the cemetery share with the city of Pahokee the expense of its proper upkeep.

County Commission To Work With EDD On Land Sale Deal

The Palm Beach County Commission Monday named a committee from its group to work with the Everglades Drainage District in setting policies for sale of EDD lands which was provided in a legislative act liquidating the vast drainage district.

Named to the group were Commissioner John Prince, County Attorney Harry Johnston and Alex Arnette, clerk of the circuit court. The county committee was requested by Turner Wallis, EDD manager who appeared before the board and advised the commission that all EDD lands must be sold by Jan. 1.

Wallis said that some 14,000 acres of Palm Beach County land will be affected in the change over and that his organization was anxious to adopt some type policy of selling the land that could be handled speedily. Wallis suggested that a public auction be held to dispose of the land.

The EDD manager who is also an officer of the Florida Flood Control District, a political subdivision which will take over the work formerly handled by the EDD that bids will be opened Sept. 15 on Levee L-40 which extends south through Palm Beach County from the West Palm Beach canal to form the eastern boundary of the new conservation district. Wallis said it would take about two years to complete the work.

He also advised the commission that on Sept. 23, the FCD board would consider a joint agreement between the U. S. Engineers, The federal Wildlife Service and the FCD which would transfer control of some 130,000 acres to the governmental agencies for use as a water conservation area and fish and wild life refuge. The joint agreement is set to become effective Oct. 1, Wallis said.

John D. Montgomery, chairman of the State Advertising Commission and president of the Monroe Operation Corp., now licensed by the Florida Racing Commission to operate a jai-alai fronton in Broward County, says no dates have been requested by the racing concern, because original plans never were made with a view to any early opening.

County Barn Bids Opened At Com. Meeting Monday

Bids for the construction of an Arc-Rib building to be used as a county barn in the Everglades—a project that has been urged for some time by Paul Rardin, Dist. 5 Commissioner—were being tabulated this week by County Engineer J. M. Boyd.

Bids on the structure were opened at the county commission meeting Monday and final tabulations and recommendations are to be made Sept. 25 by the county engineer.

Submitting figures on the proposed structure were the Florida Remodeling and Construction Company of Belle Glade \$20,363 with an alternate of \$21,402; Alexander and Williams Corp., West Palm Beach, \$20,290 with an alternate of \$21,230.

The commission also took under advisement bids from five auto firms seeking to furnish the county with six new dump trucks and a stake body truck.

The West Palm Beach City Commission won the endorsement of the county board in the municipality's move to acquire some 400 acres of land located west of the Palm Beaches as a site for a negro housing section. The land transfer which the city hopes to purchase from the State II Board has brought bitter objection from the West Palm Beach Water Company which is protesting the sale on the basis that it would be a menace to the city's water supply.

County Commission Chairman Lake Lytal, who issued a sharply critical statement of the water company's action over the weekend, was given a commendation of the county board for his stand and his opinion was endorsed as the opinion of the entire board.

Other actions by the board in (continued on page 8)

Garden Clubs To Hold First Meets

"Soil Preparation and Fertilization for Annuals" will be the program subject for the four circles of the Pahokee-Canal Point Garden Club at first meetings of the season to be held at homes of members Tuesday, Sept. 19, according to Mrs. H. M. McIntosh, club president.

The Gardenia Circle will meet at 9:45 a. m. at the home of Mrs. A. R. Harrington in Canal Point, with Mrs. J. P. Parker assisting as co-hostess.

Mrs. L. W. Armstrong and Mr. O. R. Bleech will be hostesses to members of the Hibiscus Circle at a meeting at Mrs. Armstrong's home on Bacom Point Road at 10 a. m.

The Poinsettia Circle will meet at the home of Mrs. Lewis Friend on Canal Point Road, the meeting to start at 3:30 p. m.

Members of the Ixora Circle will meet at the home of Mrs. Arch Blakey on SE First Ave., at 3:30 p. m., with Mrs. Blakey acting as hostess.

Woman's Club To Sponsor Book Drive

The Everglades and Professional Woman's Club is sponsoring a drive for books, both fiction and non-fiction, for presentation to the Southeastern TB Sanitarium near Lantana.

The club hopes through this drive to get a sizeable collection of good books that will prove interesting and entertaining to the patients at the new sanitarium. Any person having a book or books to donate to this cause is asked to leave them either at Mrs. Marjorie Hillier's Duval Jewelry Agency office in Pahokee or the Carter-Geiger Drug Store and bus station in Canal Point.

Pahokee PTA Has First Meeting Of School Year

Mrs. E. J. Graham and Mrs. D. W. Cunningham presented a PTA playlet on the program at the first meeting of the school year held by the Pahokee Parent-Teacher Association in the high school auditorium Monday night.

Mrs. J. C. Schoepel, the new president, named chairman of standing committees for the year as follows: Mrs. Don Hillier, program; Mrs. Herman Kautz, hospitality; Mrs. Ernest Maxwell, public welfare; Mrs. Horace Unwin, finance; Mrs. J. H. Holden, membership; Edward A. Jensen, auditor; Mrs. W. H. Jones, attendance; Mrs. C. A. Canipe, safety; Mrs. I. M. Lair, room mothers; Mrs. Joseph Kahn, music; Mrs. H. L. Carter, flowers; Mrs. Violet Hall, publications; Mrs. E. A. Jensen, exceptional child and summer roundup; Mrs. Lester Hand, publicity; Mrs. Ralph Stanley, cafeteria; Richard L. Brooks, parliamentary.

Principal C. A. Canipe explained the evaluation of the Pahokee School which will be conducted by a group of educators in November.

The group voted to sponsor the redecoration and refurbishing of the teachers lounge at the school, local merchants to donate the furniture and the home economics girls to make the drapes.

A paidup membership of 200 was reported by Mrs. J. H. Holden, membership chairman. The monthly attendance awards went to Mrs. Myrtle Brooks' first grade room at the elementary school and to the seventh and tenth grades at the high school.

The teachers were honored with a reception. Refreshments were served in the school cafeteria with members of the executive board acting as hostesses.

State politicians were responsible for 5 percent of the illegal highway signs that the State Road Department has had to tear down in the past four months, reports Joe Burnett, outdoor advertising director of the SRD.

Following graduation exercises of Florida Southern College's summer school, a United Nations flag, presented by J. Edgar Wall, Tampa, was unfurled atop the administration building.

City Council Table Parking Plan For Further Study

A delegation of Pahokee businessmen, including R. P. Fletcher, Gene Butler and Gen Sowder appeared before the City Council at the Monday night meeting in opposition to the proposed plan of parallel parking of cars in the congested business section. The council tabled the plan for further study.

The bid of \$800.00 submitted by J. W. Guthrie for the repair of the subflooring and foundation of the city hall was accepted. The group voted to purchase for the city a \$25 membership to the newly organized Pahokee Chamber of Commerce. It was announced the swimming pool in the city park will close Sunday night, Sept. 17, for the season.

City Clerk Clyde Alley was authorized to attend the tax assessors school in Gainesville Sept. 12-15 and was voted \$50 expense funds. City Attorney Ralph Johnson was granted an allowance of \$150 to accompany Mayor Lewis Friend to Atlanta, Ga., for the purpose of obtaining more information on the proposed local housing project for colored labor.

Fire Chief Marvin Levins was authorized to repair and repaint the fireman's residence. Mayor Friend was asked to investigate the possibility of converting the park on Bacom Point Road into a county roadside park.

Coach Maynor Tells C. P. Lions About Blue Devil Squad

Coach James Maynor, new mentor for the Pahokee Blue Devils, was guest speaker at the dinner meeting of the Canal Point Lions Club Monday night.

Introduced by A. R. Harrington, program chairman, Coach Maynor was rather pessimistic about prospects for the Blue Devils. With only a few returning lettermen reporting for practice he is having to season a large proportion of green material in the building of a team, a job that cannot be done overnight. In addition two of his most promising candidates for first string positions are out, perhaps for half the season, with injuries—Guard Jack Boland with a sprained back and Back Millard Stanley with some torn knee muscles which he received while working in his father's garage.

Maynor said he is having to work his boys hard in hopes of getting them in shape for the opener at Clewiston Sept. 22 and most of the boys are cooperating whole heartedly, however, at the initial practice session this week they were away off on timing plays and their downfield blocking was very poor. Unless the Blue Devils snap out of their sluggishness and improve their playing from within the next few days the Clewiston Tigers will take the opener, Maynor predicts.

News Notes From State Capital

TALLAHASSEE—Bids for 11 new dormitories to boost housing space for Florida state University will be received here in October, at a possible cost of \$4,060,000. President Doak S. Campbell said the dormitories will pay for themselves out of room rents. Bids will be taken also on a student building. Some of the dormitories may be rented to fraternity groups which do not now have their own houses, and thus begin the establishment of a Fraternity Row for the men students. Women fraternities already have their own buildings in and around the campus. These proposed new buildings are part of the building program for the university outlined and approved by the state board of control earlier this year.

TALLAHASSEE—The supreme court of Florida is coming to grips with a legal problem that may be reflected on every household utility bill in the state. Florida Railroad and Public Utilities Commission is defending its "fair investment" basis for fixing utility rates, with the Jacksonville Gas Company as the testing vehicle. Jacksonville Gas Company and many of the other utilities are contending that they ought to be allowed to charge rates based on what is called a "present fair value", that is, what their operating equipment would cost if they had to replace it on today's market. The commission is contending that rates ought to be based on what the utility actually paid for its equipment, plus the cost of replacement, minus the depreciation. If the utility company basis should be adopted,

ed, commission spokesman say it might result in doubling telephone, gas, electricity and water rates in Florida.

TALLAHASSEE—Governor Warren and state cabinet officers helped start into Florida part of the national Crusade for Freedom by signing scrolls brought here by Harold Cole, state chairman. He told the governor that General Lucius D. Clay is national chairman, and that the purpose of the drive is to enlist millions of Americans in letting the people "behind the Iron curtain" know of the freedom proposed by America. Signatures will be enshrined in the freedom proposed by America. Signatures will be enshrined in the Freedom Bell in Berlin on United Nations Day October 24.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his official opinion on the following general subjects:

MILK—Although there are no milk producers in Key West, the state, milk commission may regulate milk in that area by including it in with Miami.

HOUSING—Residents of a housing project where they have life interests in the property may properly be given homestead tax exemption.

FISHING—Cast nets must be confiscated where person is convicted of using them for illegal fishing.

VOTERS—Registered voter whose name was erroneously removed from the permanent registration lists may have it restored in time for the 1950 general elec-

tions. **FERTILIZER**—Facsimile of contents of fertilizer bag may be printed on bag, replacing attached tag with same information.

HEALTH—Budget board cannot strike from health unit budget an item for rent if pursuant to valid contract.

TALLAHASSEE—Southern Bell is asking for higher telephone rates to attract more capital to Florida for improving its system. Florida Railroad and Public Utilities Commission will start public hearings next month on the application. It already has denied the company similar increases. The commission reported that the new application if approved would give the company nearly 8 per cent on its investment, and the commission has insisted that 6 per cent is enough. A. B. Dooley, state manager for Southern Bell, told the commission that it could not keep up with demands for more telephones and plant improvement unless the company earnings were greater.

TALLAHASSEE—A "searching" probe of the state beverage department has been asked by Director Lewis Schott, following a Polk county grand jury blast at the department. Schott said he asked Governor Warren to "let the chips fall where they may" in a sweeping investigation of charges that department agents guaranteed illegal wholesalers of liquor in dry Polk immunity against arrest.

TALLAHASSEE—With 10 percent of the state relief rolls soon to shift to federal social security, the state cabinet has virtually promised state dependents they will get full benefit payments by October 1. The cabinet will decide this week whether they can give the state welfare board \$450,000 to restore cuts made in checks to old people and the blind and dependant children.

TALLAHASSEE—Governor Warren publicly rebuked James A. Harper of the state industrial commission for trying to unionize state employees. The governor in a let-

ter made public admonished the labor member of the industrial commission that he questioned the right of a public official to organize public employees into a labor union.

TALLAHASSEE—Fifty contracts for new road and bridge work drew bids of \$4,690,000 when the state road department met here to continue its program of road expansion. Chairman Alfred A. McKethan read a letter from Governor Warren stressing the need for better highways to attract more tourists. The projects on which bids are being studied included 69 projects, the biggest batch ever to be advertised for bids at the same time.

American Can Co. Doubles Equipment

TAMPA—American Can Company here, by addition of a one-story structural steel and brick building covering more than 25,000 square feet of floor space, clearly demonstrates its firm faith in the Florida citrus-canning industry, in which it already has played the

role of pioneer, for in that new unit will be placed metal lithography facilities practically doubling present equipment, according to the plant manager, C. E. Cummings.

Canners all over Florida will hail the enlarged facilities with a hearty welcome, for the announcement means that the output, starting early in 1951, will about double present processing capacity, which runs already more than 1,000,000 cans daily, said Cummings. He stated that the lithographing set-up, in capacity and size, would compare favorably with the most modern newspaper plant.

To American Can goes much of the original credit in opening up the citrus canning industry, particularly in their introduction of the first six-ounce cans for frozen concentrated juices here at their Tampa plant.

U. S. Marines under command of Col. Robert E. Lee, assisted by Lt. J.E.B. Stuart, stormed and captured Harper's Ferry Arsenal, defended by John Brown, on Oct. 18, 1859.

Pumice comes from a Latin word which means foam.

So Big in Service...

So Little in Cost

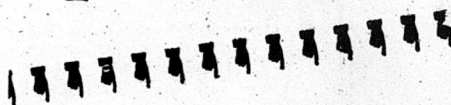

Every businessman today feels the tug of swifter currents and warning of rapids ahead: labor shortages, stepped up production, problems of supply. It's a comfort to know that, even when you're at home, you can keep your finger on fast-moving events—by telephone. In business or at home, telephone service brings you today's best shortcut to work done, action wanted, peace of mind restored—and at small cost. Southern Bell Telephone and Telegraph Company.

... a big lift

to better living

some potatoes!

Yes sir, that's what you'll say at your potato harvest if you've protected your crop from the damage caused by soil borne insects. When Chlordane is applied properly, it gives excellent control of wireworm and other soil borne insects that annually ruin many potato crops. So make sure that your insecticide contains chlordane—the really effective insect toxicant.

For further information see your local dealer or consult your county agent for proper recommendation.

Chlordane controls household insects, too!

WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to KEEP IN STEP with what is going on here in this vast agricultural area on the eastern shore of Lake Okechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

Here In Our Newspaper
Office We've Spent

25 Years Doing One Thing Well

Each week for more than a quarter of a century this Newspaper has reached its readers each Friday morning with full and complete news coverage of the Lake Okechobee Farm Area. Bringing out The Everglades News each week—on schedule—has grown to be a habit with those of us who produce it. Not once during the 25 years of its existence has this newspaper missed a publication day. Through floods, hurricanes and other adverse antics of nature we have managed to make the deadline. It has been no small accomplishment.

The Everglades News

Canal Point, Fla.

Chief H. N. Kirkman Urged Drivers To Protect Children

"Protect our child-life!" Patrol Chief H. N. Kirkman urged Florida's drivers today as the State Patrol's September program of traffic safety education gained momentum.

"In 1949," Kirkman said, "Our records show that 74 children under 15 years of age were killed and nearly 800 were injured in motor vehicle accidents in Florida. Even considering that youngsters habitually violate safety rules in their waking, the bulk of the blame for such accidents rests with the drivers."

While most drivers are horrified at the idea of hurting a child, the Florida Highway Patrol nevertheless ranked thoughtlessness on the driver's part as the chief cause of the high annual toll of young traffic accident victims.

The Patrol made an urgent appeal to Florida's drivers to heed the following rules:

1. Regard every child in or near the street with the same caution you would a flashing railroad-crossing sign.

2. Expect the unexpected at all times when driving near schools, in residential areas, or in the neighborhood of playgrounds or vacant lots.

3. Give bicycles a wide berth.

While a rider may appear to have his bicycle under perfect control, a slick patch on the street, a chuck-hole, or any of many factors can cause the rider to fall, or lose control and swerve into the path of a car.

4. Particularly in residential areas, the rider should be doubly on the alert for small children playing in driveways or sliding or coasting on inclines that might lead them into the street without warning.

This month's program on child safety, under the sponsorship of the Florida Highway Patrol, is being conducted in cooperation with the National Safety Council.

Vegetable Meet Slated For Palm Beach Co.

WEST PALM BEACH — Three vegetable production meetings have been scheduled for farmers in this section, according to County Agent M. U. Mounts.

First meeting will be held at Lake Okeechobee Farmers' Cooperative in Canal Point, September 19, at 3 p. m. for growers in the Canal Point-Pahokee area. Farmers in the Belle Glade section will meet at the Belle Glade City Hall at 8 p. m. Vegetable men in the Range Line area will gather at the corner of Lantana Road and Road No. 7 at 2:30 p. m., September 20.

Forrest E. Myers, vegetable specialist with the Florida Agricultural Extension Service, says the meetings will be of the seminary type with farmers asking questions and specialists giving answers.

Volunteer today, wear the uniform of the United States Marine Corps. Serve on land, at sea and in the air.

Work To Begin On Comfort Articles For Veteran Hospital

Work will begin soon on various comfort articles for the veterans at the Pratt General Hospital in Coral Gables. At the regular business meeting Tuesday evening, the Canal Point American Legion Auxiliary, Unit 242, announced that the membership Drive now in process is proving successful. Mrs. Ella Lou Howell Community Service Chairman announced that a varied selection of magazines and drinking glasses were sent to the VA Hospital. Also, plans were made to supply the Everglades Memorial Hospital with some much needed wash cloths. Following a discussion, plans were announced to aid the P. T. A. in any capacity in the forthcoming Halloween Carnival. In order to educate members of the Legion, Auxiliary and Public as well, tentative plans were made to inform the people of the Community on an issue coming up in the Florida November Election on a Referendum for World Government.

Hostesses for the next Social Meeting will be Mrs. Ruth Enginger and Miss Kansas Todd.

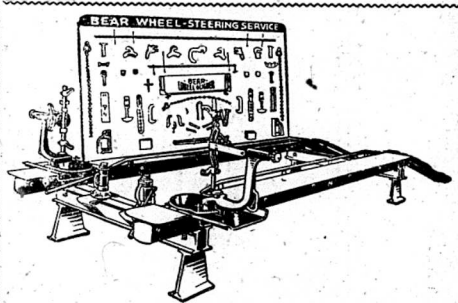

Lucy Jones Circle Has A Meeting

The Lucy Jones Circle, First Baptist WMU, met at the home of Mrs. Lennie Baxter Monday with Mrs. Vera Summerlin, chairman, presiding.

Mrs. Jimmy Batchelor presented a study from the book, "So This is Africa." Refreshments were served to 13 members.

State Board of Control will receive bids Oct. 13, 17, 19, for 10 new dormitories to accommodate 1,100 students at Florida State University.

Winter Haven's Christian Science church, recently damaged by lightning, is now completely renovated and regularly used for worship.

TO LATE TO CLASSIFY

BY RUSSELL KAY.
SECRETARY OF THE FLORIDA PRESS ASSOCIATION

The Big Lie is a far more dangerous weapon than the atomic bomb. Russia is using it with telling effect against the United States and the world. Unless we as a people arise in the Big Truth, we may find ourselves enslaved as other nations are today because they failed to act in time.

The United States is being pictured as a nation of money-mad morons. The world is being told, over and over again, that we are aggressors, that we seek to conquer the world. We are pointed out as a nation of brutes and gangsters, power-mad and money-mad.

We try to comfort ourselves with the belief that these lies are so monstrous that no one will believe them. But people do believe them, people who hear these things about us, repeated over and over and over again.

It is imperative that we get our side of the story to these uninformed millions. We must pierce the Iron Curtain with Truth.

President Truman knows this. General Eisenhower knows it. General Clay, whose airlift saved us in Berlin, knows it. They know that unless we can win this gigantic struggle for men's minds, peace is impossible.

In a warning broadcast on all radio networks on Labor Day, General Eisenhower called on you and me and every good American to enlist in a campaign against the Big Lie.

This movement has been well organized and calls for the establishment of several powerful independent radio stations over which hundreds of refugees from enslaved countries will tell the Truth about America to their uninformed and unfortunate fellow-countrymen. They will make these talks in their own native language which will be beamed directly to the countries concerned.

In addition, it is proposed to establish a great Freedom Shrine behind the Iron Curtain in Berlin. This shrine will house a giant 10-ton Freedom Bell and it will be dedicated on United Nations Day, October 24.

Between now and that date you will be called upon to sign the "Freedom Scroll" subscribing to the following declaration:

"I believe in the sacredness and dignity of the individual.

I believe that all men derive their right to freedom equally from God. I pledge to resist aggression and tyranny wherever they appear on earth.

I am proud to enlist in the Crusade for Freedom.

I am proud to help make the Freedom Bell possible, to be a signer of this declaration, to have my name included as a permanent part of the Freedom Shrine in Berlin and to join with millions of men and women throughout the world who hold the cause of freedom sacred."

The amount you contribute to this worthy cause is up to you. Every cent you contribute will go to fight Communism and preserve freedom for you, your loved ones and all who love freedom.

This great campaign began last week. First name on the Freedom Scroll was that of our Governor Fuller Warren, followed by the signatures of cabinet members, R. A. Gray, Secretary of State; Richard Ervin, Attorney General; Edwin Larson, State Treasurer; T. D. Bailey, Superintendent of Public Instruction and State Comptroller C. M. Gay.

The goal for Florida in the "Crusade for Freedom" is one million names. Even though you may not be able to face the foe on the battlefield, you can do your part in this cold war for men's minds. Make sure your name is enrolled on the "Freedom Scroll" and be

generous in your contribution to help raise the Iron Curtain and give voice to Truth.

Cinematic Chatter

By Malcolm Millar

For true fellowship and the practice of that greatest of all virtues, charity, we name Joan Crawford as one of the most charitable and tender women in the film colony. Joan's pilgrimages to hospitals, homes of the unfortunate and institutions is never used for the fodder of her press agent, but Joan is always going somewhere on a mission of kindness. One of her frequent visiting spots is the paraplegics at Long Beach Army and Navy Hospital. There Joan is much loved and her visits looked forward to. Recently Joan went to a hospital, not on a mission of mercy but for an appendectomy. One morning a huge bouquet of roses arrived for Miss Crawford with a lovely card pleading the love of "the boys" and their prayers for her rapid recovery. It was from the paraplegics of the Long Beach Army and Navy Hospital. Joan said afterward she had one of the best cries of her lifetime. Word comes that Walter Brennan, veteran character actor and three times the winner of the Academy Award has purchased a Motel at Joseph, Oregon. It is said this Motel is one of the finest in the west. Mr. Brennan will be there to greet guests when it opens September 15. Walter says he is going to stay at the Motel and come to Hollywood only when needed to make a picture. I would hate to think Mr. Brennan was through with pictures. He is to be seen at the Prince Theatre this Sunday-Monday, with the great recording artist Vaughn Monroe, with lovely Ella Raines as his leading lady and Ward Bond in a great role in "Singing Guns" in technicolor. See you at the movies—Mal.

Mullis - Cole

Mr. and Mrs. L. M. Mullis of Pahokee announce the marriage of their daughter, Miss Mary Kathleen Mullis, to Donald Cole of Denver and Fort Morgan, Colo. The single ring ceremony took place at the First Baptist Church in Fort Morgan Saturday, Aug. 19, with Rev. R. O. McCarty, pastor of the church, officiating.

The bride wore a street-length blue satin dress with black accessories and a corsage of white carnations surrounded by sepharotis. Her only attendant was her sister-in-law, Mrs. Leonard Mullis of Fort Morgan, who chose a black and street-length dress with white and black accessories and a corsage of white carnations.

Leonard Mullis, brother of the bride, was Mrs. Cole's best man. Mrs. Cole graduated from Pahokee High School in 1948 following which she attended Bell Iles Business College in West Palm Beach. Mr. Cole graduated from high school in Denver. After three years of service in the Army Transportation Corps, he attended a radio school in Denver and is now employed as station announcer at Radio Station KFTM in Fort Morgan.

Following a brief wedding trip Mr. and Mrs. Cole are now at their home in Fort Morgan.

Mrs. Earl Pitts entertained recently at her home with a party and stork shower honoring Mrs. Robert Rutherford. A salad course with cake was served to the guests.

St. Petersburg's population will get a big increase of youth in a few days when the private school for boys, Florida Military Academy, opens for its new session.

Florida Could Have New Million-Dollar Lime Industry

GAINESVILLE—Dr. Mark Tyner, of the University of Florida College of Engineering, stated in an article last week that Florida could have a new million-dollar industry by supplying its own lime needs.

Writing in a leaflet issued by the college, Dr. Tyner said the state now produces only about a seventh of its normal lime demand. This is true even though Florida possesses some of the purest and most easily accessible calcium limestone in the United States.

"Supplying the demand for lime in Florida is a potential million-dollar business," he declared. "At the present time Florida is consuming lime at the rate of 103,853 tons per year. The market value of locally produced lime is \$12 per ton," he said.

Jenkinson - McCall

Mrs. M. C. Carter of Canal Point announces the marriage of her daughter, Miss Barbara Ann Jenkinson to Eugene L. McCall, U. S. Navy, son of Mr. and Mrs. J. L. McCall of Port Mayaca. The wedding took place at 7:30 p. m., Aug. 11, in the Draper Chapel of the First Baptist Church in San Diego, Calif., with Dr. Paul K. Whitaker, pastor of the church, officiating at the double ring ceremony.

The chapel altar was decorated with baskets of white gladioli and dark red dahlias and lighted with white tapers in candelabra. Preceding the ceremony a program of nuptial music, including "Always," "Beyond the Sea" and "Peg o' My Heart," was played by William Barrett, organist.

The bride, given in marriage by R. L. Hughes of San Diego, cousin of the bridegroom, wore a white embroidered organza gown with short train. The off-the-shoulder neckline of the fitted bodice had a ruffled yoke of illusion trimmed with seed pearls. The half-length veil was attached to a head band of taffeta trimmed with seed pearls. She carried a cascade arrangement of red roses with white satin streamers.

Maid of honor was Mrs. R. B. Hughes of San Diego who wore white organza over blue taffeta and blue mitts. Dark red dahlias made up her cascade bouquet.

Stanley A. Roberts was Mr. McCall's best man. Paul Thimison acted as usher.

Following the ceremony a supper for the bridal party was held at Hotel Manor. Mr. and Mrs. McCall are making their home at 3865 1/2 Hamilton, St., in San Diego while he is stationed at the San Diego Naval Base.

The bride, a graduate of Pahokee High School, attended the University of Nebraska, Lincoln, and graduated with honors last spring from Bell Iles College, West Palm Beach.

Mr. McCall is also a graduate of Pahokee High School and received special training in the Navy at the Naval School of Amphibious Warfare in Coronado, Calif.

Plans Tuberculosis Research Center

LANTANA—Plans for a central tuberculosis research center, first of its kind in Florida, were announced last week by Chairman W. T. Edwards of the State Tuberculosis Board.

Location of this new center has not been determined yet, Edwards said, but he assured that it would be staffed by highly skilled physicians and that Dr. V. Henry C. Sweeney, now director of the Chicago Municipal Sanatorium, would be chief medical director of the center as well as all sanatoria in Florida.

Seminole County wants industry, and to that end its Junior and Senior Chambers of Commerce are working with the State Advertising Commission, which is a principal channeling sponsor for outside inquiries on Florida sites.

Personal

The Everglades Business and Professional Woman's Club will hold a social meeting at the home of Mrs. Alma Farrow in Pahokee Tuesday, Sept. 19, at 8 p. m.

Mrs. Ruth V. Meredith and son, Earl Douglas, visited her sister, Mrs. C. C. Clawson and Mrs. Willard Smith, and families in Lake Worth Sunday.

A. R. Chastein has returned home from Good Samaritan Hospital, West Palm Beach where he was a patient for several days.

Ellis O. Murphy, former resident of Pahokee now employed by the Aluminum Locks Company in Miami, fractured his left arm at the elbow recently while at work. He was able to return home Sunday after spending a week in the hospital at Coral Gables.

Mr. and Mrs. Samuel S. Lovell visited his parents, Mr. and Mrs. Dave Lovell, in Pahokee over the weekend. Mr. Lovell, who graduated from the University of Florida in February, has accepted the position as vocational agricultural teacher for ninth grades at the William Jennings, Little River and Horace Mann Schools in Miami. His wife, the former Ann Keyton of Thomasville, Ga., whom he married in Thomasville on Aug. 6, will teach the first grade at the Shadowing School in Miami.

Mrs. O. M. Murphy and son, Emmett, visited Mr. and Mrs. E. O. Murphy and other relatives in Miami over the weekend.

Mr. and Mrs. Myers Fountain, have as their guest this week his mother, Mrs. W. J. Fountain, of Pitts, Ga.

Mr. and Mrs. Bruce Elam left Thursday for Georgia. They were accompanied by their son, Bill Elam, who is resuming his studies at Emory University, Atlanta.

Mrs. Parnell Enocks and child returned to Pahokee this week after spending the summer with relatives in Georgia. The Enocks family plan to move this weekend to Savannah, Ga., where they will make their home.

Mr. and Mrs. Delmar Hooks left Monday for Atlanta, Ga., where their son, Stanley Hooks, who accompanied them, will enroll at Emory University School of Medicine. They were also accompanied by Harlan Sears, who is also enrolling at Emory, and by Harlan's mother.

Mr. and Mrs. J. H. Bordeaux are visiting their son and daughter-in-law, Mr. and Mrs. J. W. Bordeaux in Pensacola where J. W. is stationed by the U. S. Navy. Mr. and Mrs. Bordeaux plan also to visit relatives in Norfolk, Va., and Wilmington, N. C., before returning home.

Mr. and Mrs. Frank Putney and daughter, Virginia, of Hamilton, Ontario, Canada, are the guests of his cousins, Rev. and Mrs. Earl J. Jones, in Canal Point this week. Bobby Phillips, who recently enlisted in the U. S. Airforce, is receiving his basic training at San Antonio, Texas.

Three Pahokee high school graduates, Billy Stuckey, son of Mrs. Adeline Stuckey, Frank Handley, son of Mrs. Pearl Handley and Edwin Connell, son of Mr. and Mrs. J. H. Connell, received B. S. degrees from the University of Florida at the summer graduation exercises held at the university recently.

Three amateur performers were selected from this area to appear on the program of the Palm Beach Spotlight Hour held in the ballroom of the Palm Beach Biltmore Hotel Thursday, Sept. 14, at 8 p. m. They were Miss Patsy Elliott, vocal soloist of Pahokee; Miss Patsy Maxson, pianist, and Miss Evelyn Clay, acrobatic dancer, both of Canal Point.

Mr. C. A. Major, who usually returns to Pahokee at this time of year, is remaining in Greenwood, S. C., because of the serious illness of her mother, Mrs. Long, according to word received here by friends. Mrs. Major's address is Box 337, Route 2, Greenwood.

Garden Magazine Makes Bow Oct. 1st

CORAL GABLES—October 1

will be the birthday of a brand new monthly magazine here, "Tropical Gardening Magazine," edited and published by Ruth Stuart Allen, no stranger to Florida, especially well known to the ladies through her recent long connection with The Miami Herald as its club editor, and from advance notices of its makeup and features, it will find a warm welcome and a prize place on milady's desk, if she happens to be a flower lover or one who goes in for projects to enhance her own home plot or that of her community.

Although the magazine will deal mainly with sub-tropical growths and gardening, such as are found on or below a line drawn roughly from Tampa across to Daytona Beach, still, Mrs. Allen emphatically points out, the whole state, from Key West to Pensacola, will be featured, too, with general articles focused on worthy individual or collective gardening efforts, especially the organized civic garden clubs of the state federation.

Just to give a brief preview of what to expect, Mrs. Allen says the first issue will include a story by Adelaide Sanchez, member of the Florida Orchid Society, on L. S. McConnell's experiences in growing the hibiscus; Mrs. H. G. Horne, of the Miami Springs Garden Club, shows you how she develops, step by step, one of her justly famous natural material arrangements. Then, if you have an urge to turn your flower bed into a vegetable patch—you may have to, some day!—let S. J. Lynch, University of Miami tropical agriculture researcher, tell you in this first issue. Like avocados? Well, in this case don't miss the item on the bisexual avocado, and a recipe for an avocado sandwich that will make your mouth water. And, lest the man of the house think all the contents are for the beautiful wife, just show him what the Men's Garden Club of Jacksonville is doing.

So, that first issue looks from here like a real bonanza, with advance orders being taken now, but any received after Sept. 1 may have to wait until the November issue appears—for that's just how the idea has already caught on.

Births

Mr. and Mrs. Cain Dickerson of Pahokee announce the birth of a daughter, Ramona Jean, at the Everglades Memorial Hospital, Sept. 11.

Mr. and Mrs. J. B. Griffiths of Canal Point announce the birth of a daughter, Joan Larue, at the Everglades Memorial Hospital, Sept. 10.

Mr. and Mrs. B. H. Williams of Clewiston announce the birth of a son, Raymond Michael, at the Everglades Memorial Hospital, Sept. 7.

Brides' Shower For Mrs. Hueston Connell

Mrs. James Vandegrift, Mrs. R. M. Sanders, Mrs. Ruth Carr and Mrs. Marie Blackwell entertained recently at the Woman's Club building with a party and bride's shower in compliment to Mrs. Hueston Connell, the former Betty Jean Hicks. Mrs. C. A. Canipe was in charge of the entertainment. Mrs. Melvin Spooner, Mrs. Clyde Alley, Mrs. Joe Alderman and Mrs. L. M. Collins presented a humorous skit. Miss Sibyl Jensen was in charge of the guest book.

Production of food cans has increased 10 times in the last 50 years, from about two billion at the turn of the century to approximately 20 billion at the beginning of 1950, according to the American Can Company.

Mrs. Barker Appoint New Troop Leaders

Mrs. Grady Barker, chairman of the Pahokee Girl Scout Committee, announced at the scout supper meeting Friday night the appointment of leaders and co-leaders of Pahokee Brownie and Scout Troops as follows:

Brownie Troop Two (second graders), Mrs. John Sutterfield and Mrs. Lester Hand; Brownie Troop Three (third graders), Mrs. James H. Wilson, temporary leader; Brownie Troop Four (fourth graders), Mrs. Raymond Young; Scout Troop Five (fifth graders), Mrs. C. A. Canipe; Scout Troop Six (sixth graders), Mrs. James Maynor; Scout Troop Seven (seventh, eighth, ninth and tenth graders), Mrs. Thadd Whidden and Mrs. E. J. Graham.

The meeting was opened with the singing of songs. Girl Scout by laws were repeated by Peggy Lynn Shirley. The brownie and scout promises were repeated in unison by the two groups. Song leaders

were Donna Gail Jensen, Peggy Lynn Shirley and Gay Schoepel. Girl Scout officials wish to thank all parents who attended the meeting. The more interest parents take in scouting and the more meetings they attend the better it is for the scouting movement in a community, according to the officials.

WSCS Circle To Meet Monday, Sept. 18

The five circles of the Pahokee First Methodist Woman's Society of Christian Service will meet at homes of members on Monday, Sept. 18, as follows:

Gertrude Shirley Circle, home of Mrs. Gehlie Friend, 8 p. m.; Mary Martha Circle, home of Mrs. May Pope, 8 p. m.; Miriam Circle, home of Mrs. Bernice Simonson, 8 p. m.; Mabel Simonson Circle, home of Mrs. Eva Howell, 3:30 p. m., and Margery Lair Circle, home of Mrs. Hilda Thomas, 3:30 p. m. At the Mary Martha Circle meeting Mrs. Miriam Dulaney will be co-hostess and Mrs. Ned Graham, program chairman, will have as guest speaker Mrs. E. O. Earwood of Belle Glade who will speak on "Religious Paintings" and have several religious paintings on exhibit.

Mrs. Mildred Todd Given Birthday Party

Mrs. Mildred Todd was honored Monday evening with a surprise birthday party given at the parsonage by members of the Methodist Senior Choir. Miss Laurie Rogers led in the playing of games. Many lovely gifts were received by the honoree. Refreshments of ice cream and cake were served to approximately 25 guests.

Lottie Moon Circle Met On Monday

Mrs. H. L. Speer and Mrs. Leon Burnett presented a mission study of the book, "So This is Africa," at a meeting of the Lottie Moon Circle, First Baptist WMU, at the home of Mrs. Ralph Grimes, WMU, president, Monday afternoon.

Mrs. E. E. Coleman, Mrs. Margaret Thompson and Mrs. L. M. Mullis were named on a committee to nominate new circle officers and report at the next meeting. As its home mission project for the month the circle voted to prepare a large basket of food for a local family in need. Refreshments were served by Mrs. Grimes to 12.

MRS. RAY HAWK, JR. IS ELECTED CHAIRMAN WMU

Mrs. Ray Hawk, Jr., was elected chairman of the Helen Hayes Circle, First Baptist WMU, at a meeting held recently at Mrs. Hawk's home. Other new officers elected were Mrs. Charles Wilkinson, vice chairman; Mrs. Charles Stamps, secretary-treasurer; Mrs. Joe Brown, mission study and program chairman; Mrs. Lawrence Connell, stewardship and literature chairman; Mrs. Roy Stamps, community mission chairman; Mrs. David Unwin, social and publications chairman.

A spray combining 2,4-D and 2,4,5-T is now used to kill brush, particularly on REA lines.

Come to Church

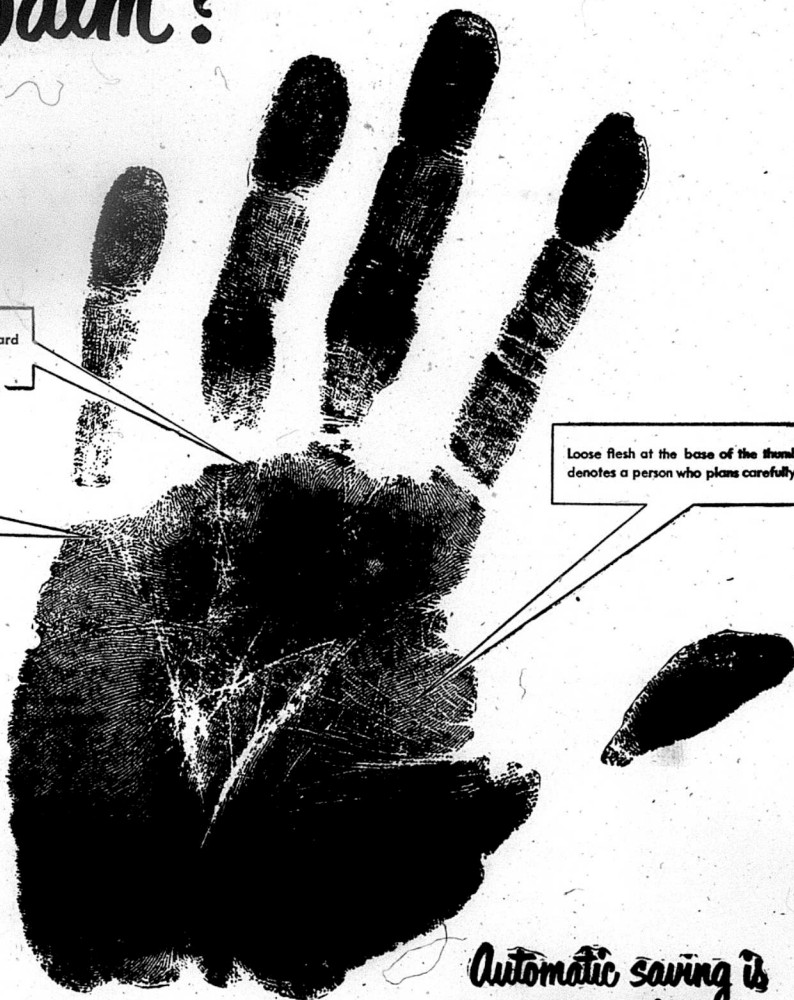

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Churches Of The Glades

(This message sponsored and space made available by Paul Rardin).

Mind if we read your palm?

These long mixed lines show it is hard for this person to keep money.

These lines show riches brought about by one's own efforts.

Loose flesh at the base of the thumb denotes a person who plans carefully.

WE'LL BET that this hand belongs to a person who invests regularly in U. S. Savings Bonds.

It is the hand of a person who plans for the future wisely and well. One who has enrolled in the Payroll Savings Plan where he works—or, if he's not on salary, on the equally convenient, equally profitable Bond-A-Month Plan at his bank.

U. S. Savings Bonds are Government guaranteed to pay you back \$4 for every \$3 you put in—after ten years. There is no surer, wiser investment a man can make today!

Cross your own palm with plenty of silver in years to come. Start saving right away with U. S. Savings Bonds!

*Automatic saving is
sure saving—
U.S. Savings Bonds*

County Barn Bids—

(continued from page 1)
cluded certification of hiring June Outway and Mrs. Lena Sunden as clerks in the county health department.

Authorized a trip to St. Augustine for Circuit Court Clerk Alex Arnette in the interest of the Civil defense program. Arnette heads the county defense set-up.

Instructed the county engineer to make some minor changes in traffic light signals at suburban intersection near West Palm Beach, changes that had been recommended by the Florida Highway Patrol.

Named Commissioner Kenneth Foster to represent the county on the County Traffic Association board of directors.

Heard a report from Commissioner C. Y. Byrd that the county's finance were in sound condition. Byrd pointed out that the county would begin its new year Oct. 1 with a cash surplus and will have all bills paid.

Voted to ask the State Railroad Commission not to issue any permits to allow trucks and heavy buses to travel over State Road A1A, (Ocean Blvd.) in Palm Beach County. The move, launched by Commissioner Byrd, would prohibit heavy traffic along the ocean boulevard. Byrd told the commission that the road was too narrow to handle large trucks and buses and that in some sections the road bed would not stand up under heavy traffic.

Voted to spend up to \$50 for legal fees in connection with a hearing before the CAB seeking to have West Palm Beach made a stop in a Cuban airline flight to Florida.

At the suggestion of Commissioner Byrd, the board instructed the county engineer to contact the state road department for a check of right-of-way for the four lane super highway south from Delray Beach. Byrd urged the board to obtain all the land needed in order to clear the right-of-way between the south county line and Lantana.

Methodist Board Of Stewards Meet

The Board of Stewards of the Pahokee First Methodist Church at a meeting this week voted to transfer monies being accumulated in a building fund and put the entire sum into government savings bonds.

The board also voted to again rent the church bungalow to Mrs. Arch Blakey for use as a kindergarten school on weekdays, the rent money to go into the building fund. The sum of \$25 was voted to each of the guest ministers who filled the pulpit at the church during the summer while Rev. Ralph W. Todd was on his vacation. Plans were made for annual home coming to be held in October.

Following the meeting the Rev. and Mrs. Todd entertained with a fellowship hour at the parsonage.

1950 Grads Held "Off-To-College" Reunion Thursday

Members of the Pahokee High School Class of 1950 held an "off-to-college" reunion in the Woman's Club building on Thursday night of last week. Clara Baxter and Johanna McKinstry were in charge of arrangements.

The 1950 graduates who will attend college this fall are as follows: Glen Boland, Ralph Crews, David Ramey, Steve Kirk, Tula Makos and Stella Lou Todd, University of Florida; Johanna McKinstry and Betty Jo Barwick, University of Miami; Clara Baxter, School of Nursing, Jackson Memorial Hospital, Miami; Patsy Geiger, Colorado State College for Women; Stanley Hooks, Emory University Medical School; Payne Jackson, Naval Reserve Officers Training School, University of North Carolina and Patsy Jensen, School of Nursing, Good Samaritan Hospital, West Palm Beach.

Among the other graduates John Ogile and Olie Weaver have joined the U. S. Navy and are now stationed at San Diego, Calif. Betty Hicks Connell, Nadine Raulerson, Cherry and Barbara Wilkinson Shirley each chose the career of housewife by getting married during the summer. Mrs. Shirley will complete a course in medical laboratory technology at a Miami school this month following which she will join her husband, B. I. Shirley, in Gainesville where they will make their home while he completes his senior year at the University of Florida.

Graduates who are now working at local or out-of-town jobs include Patsy Batchelor, Ralph Chaney, Wilbur Echols, Charles Humphries, Vera Keen, Gene Miller, Bill Miller, Billy Ray Mosley, Barbara Phillips, James Riffe, Nina Russon, Russell Sims, Jack Sullivan, Christine Unwin and Yvonne Weeks.

Millions of American farmers have protested through their organizations the antitrust suit to dissolve the Great Atlantic & Pacific Tea Company, nation's pioneer food chain. Among other foods, this company annually moves more than 2,000,000 tons of fresh fruit and vegetables from farms to consumers each year.

Canal Point PTA—

(Continued from page 1)
Mrs. J. D. Pope and Mrs. Charles Jones; seventh, Mrs. Dow McClelland and Mrs. J. P. Parker. Mrs. Upthegrove is chairman of the room mothers committee.

The monthly attendance award was won by Mrs. Sorchie Baird's fifth grade room. The group voted to conduct the first regular meeting of school year on the second Monday in September and all other meetings the first Monday night of each month. A report on the PTA County Council meeting held recently in West Palm Beach was given by Mrs. Sears.

Preceding the meeting a reception was held for the teachers. Floyd Erickson, program chairman, welcomed the teachers and introduced them to the membership. Principal Claude Williams gave the response for the teachers each of whom received a corsage or boutonniere presented by Mrs. Boyd Vorhees in behalf of PTA. Refreshments were served by Mrs. J. W. Repper, hospitality chairman, assisted by Mrs. W. N. Veal, Mrs. O. H. Register, Mrs. Mabel Hitchcock and Mrs. Boyd Vorhees.

Mrs. L. T. Crick Talks To Pahokee Lions

Mrs. L. T. Crick of West Palm Beach explained "The Educational Program for Exceptional Children in Palm Beach County" to Pahokee Lions at their Tuesday luncheon meeting. The speaker was introduced by I. M. Lair, program chairman.

Milton Carpenter, received as a new member at the meeting, was inducted into Lionism by Rev. R. W. Todd.

President Thomas Baldwin gave a report on the Lions zone meeting held in Belle Glade on Sept. 10.

NOTICE OF ANNUAL MEETING OF LANDOWNERS OF EAST BEACH WATER CONTROL DISTRICT

Notice is hereby given that, pursuant to call of the Board of Supervisors of East Beach Water Control District, the annual meeting of the landowners of East Beach Water Control District for the year 1950 will be held at the office of said District in the Post Office Building at Canal Point, Palm Beach County, Florida on Wednesday, September 27, 1950, at 9:00 o'clock in the forenoon, for the purposes of:

1. Electing a Supervisor for Division 3
2. Receiving annual reports and taking such action with respect thereto as the landowners may determine; and
3. Transacting such other business as may come before the meeting.

HI, JUNIORS!

**AS YOU GO BACK
TO YOUR SCHOOLS...**

Remember Reddy's

Safety Rules!

WALK SAFE "When you start to cross the street... watch your feet!... then your feet!" Obey your safety patrols and special policemen. Walk facing traffic. If you're biking, be sure your brakes are right... and be doubly careful because accidents can happen twice as fast.

HELP YOUR "SILENT POLICEMEN" to prevent night traffic accidents and discourage prowlers. If you want to sharpen your aim or develop your throwing arm, don't pick on your friends, the streetlights.

PROTECT YOUR EYES... be sure you've got a good modern study lamp, and plenty of light. Remind your folks your eyes must last a lifetime... sight is priceless, light is cheap.

PLAY SAFE Keep clear of utility poles and lines... don't throw things at or near them. Be especially careful about flying model planes and kites with metal strings. Fly them in the open, far from electric lines... or somebody might get hurt... even killed.

... YOUR SAFETY IS IMPORTANT TO YOUR "SUNSHINE SERVICE" FRIENDS AND NEIGHBORS!

FLORIDA POWER & LIGHT COMPANY

Hi, Grownups!

You can help in School Safety Programs, too. Remember the ABC's are Always Be Careful. Drive slow through School Zones. Obey Safety Patrols at all times!
